ON-THE-JOB TRAINING AT C OF C

About 20 Kelowna Secondary School students are participating in on-the-job training during the Easter vacation. They are members of the Grade 12

commercial course, including accounting, secretarial and clerical training. Here, Shirley Spencer, 18, a secretarial trainee, distributes tourist in-

formation to the chamber of commerce office. This is the first time the scheme has been tried in School District 23 (Kelowna). (Courier photo)

Surrey Man Held After Wild Flight

SURREY, B.C. (CP) — Police Monday night charged a 39-year-old man with attempted suicide several hours after a student pilot threatened to crash his light plane into a busy four-lane freeway bridge across the Fraser River.

A police spokesman said John Hogan, a resident of this Vancouver suburb, has been sent to mental hospital for an indefinite period of time pending the outcome of a mental examination.

A pilot buzzed the Port Mann bridge for nearly an hour earlier Monday, making more than 20 passes between the bottom of the centre span and the river 148 feet below.

Road and water traffic on both sides of the bridge—a part of the Trans-Canada Highway—was stopped while the single-engine aircraft looped and curved in the vicinity of the big span.

LANDS IN FIELD
Then the plane came down and coasted to a halt on a nearby grassy meadow. Police rushed to the scene.

A man stepped from the aircraft clad in a blood-spattered flight jacket, a long white scarf trailing from his neck. Blood was trickling from his wrists. The man lit a cigarette, then held police at bay for an hour with a cigarette lighter—police thought it might be a gun. They later subdued him and

he was being taken away strapped and handcuffed in a stretcher he said.

"I'm sorry to give you people so much trouble. Some Englishman did it 15 times under London Bridge and I just wanted to show a Canadian could do it."

Police said the man rented the two-seat Fleet Canuck at

nearby Pitt Meadows, took off alone and started circling the Port Mann Bridge, 18 miles east of Vancouver.

"He was a good flyer," said contractor Neil Houle of Surrey, who watched the plane zoom under the bridge from a nearby rail freight yard. "He used the same route every time and took the bridge nicely."

'We Flew Close; He Waved'

While airborne, the pilot radioed the control tower at Pitt Meadows that he "wanted to put the aircraft into the Port Mann bridge and wanted to die," said Roy Israel, assistant chief instructor of the British Columbia Aero Club.

Mr. Israel and chief instructor Les Hargreaves took off in another aircraft to try and talk him down, but found out later they were on the wrong frequency.

They said they knew the man and he was a student pilot. "At one point we flew close enough to wave and he waved back."

After the Fleet Canuck landed, with only 30 minutes of fuel left in its tanks, police tried to talk the man into surrendering. They kept their distance, mistaking his gold cigarette lighter for a pistol.

Another instructor, Wilf Vachere, walked over to him. The man's attention was diverted and police closed in and tackled him.

They quickly bound his wrists, handcuffed him and strapped him to a stretcher. The man disappeared into the back of an ambulance smiling at the crowd and puffing on a cigarette.

DAME MARGOT PIROUETTES . . .

Panamanian Pas de Deux

LONDON (AP) — Dame Margot Fonteyn, Britain's prima ballerina, has pulled another cloak-and-dagger caper in Panamanian politics with a plot to kidnap the chief of Panama's National Guard to guarantee her husband's safety.

Dame Margot told The Daily Sketch today the plot was abandoned. Four Britons are hired to help with the snatch were arrested in Panama.

The brown-eyed star of the Royal Ballet said: "My husband knew nothing of the plot, but I feared for his safety."

Her husband is Dr. Roberto Arias, a Panamanian politician who has been paralyzed since he was wounded by a political rival in 1964.

He is reported in Panama for the election next month as president and a new National Assembly.

Dame Margot said she planned to kidnap Brig.-Gen. Bolivar Vallarino, who heads

DAME MARGOT . . . for his sake

Dame Margot did not explain why she feared her husband might be arrested.

In 1959, she was with him aboard his yacht off Panama when the government of President Ernesto de la Guardia claimed he landed a band of 10 revolutionaries on the coast. The dancer came ashore, spent 24 hours in jail and was expelled.

Dame Margot disclosed her plan to kidnap Vallarino on the eve of her departure for North America to tour there with the Royal Ballet.

She said after the tour, she would go to Panama for the elections.

"If I am arrested, it will be just too bad; because there is a matter of conscience."

Lawyer David Jacobs, acting for the four Britons arrested in Panama, said they "were among a group of some 40 mercenaries from Europe sent out

ROBERT ARIAS . . . in danger?

to Panama with instructions to sit tight."

Soviet Hails Space Linkup

MOSCOW (Reuters) — Russian commentators today hailed the link-up in space Monday of two Soviet spacecraft as proof that Soviet scientists have mastered the technique of automatic docking.

They said the technique is infinitely more difficult than coupling a manned spacecraft with an artificial satellite.

The operation by Cosmos 212, launched Sunday, and Cosmos 213, sent up Monday, appeared to be almost an exact duplicate of an unprecedented Soviet feat in October.

Both spacecraft orbited the earth today after spending nearly four hours Monday linked together on command from scientists on the ground.

Dr. Mstislav Keldysh, president of the Soviet Academy of Sciences, told Tass news agency the solution of the problem of automatic docking "opens a big future for the creation of orbiting scientific stations and the further development of space flights."

ESSENTIAL TO PROGRESS
The operation is considered an essential step toward building an orbiting space platform, which could be used as a launching base for expeditions to the moon and the planets.

Moscow television Monday night showed the two craft separating after their three-hour, 50-minute flight. The broadcast came from Cosmos 212—the active satellite which has a camera on board.

Cosmos 213, a bullet-shaped craft with stubby wings designed to pick up the sun's rays for its solar batteries, was seen falling away at the command of scientists on earth.

Orbiting space platforms figure in both the U.S. and Soviet space programs.

'Cuts Harm' Education

PENTICTON (CP) — School construction curbs have come at a time when thousands of teachers are shaking loose from provincially-dictated curriculum and developing new programs. Robert Buzza, president of the British Columbia Teachers' Federation, said today.

He told the association's annual meeting that teachers should have been allowed to help write the bills passed by the provincial legislature aimed at cutting construction costs.

Mr. Buzza said Education Minister Leslie Peterson has tried to arrest the spiralling costs but has not considered the harm it will do to educational services.

He said 28 school districts will be short 382 essential classrooms in September and 11,000 students will be affected. Another 45 districts are using 340 portable classrooms that are designed for short-term use.

This will not improve, he said, "until teachers commit themselves strongly, individually and collectively to a stand so obviously in the interest of children that it will command public support."

Kosygin Heading For Aid Request

MOSCOW (Reuters) — Soviet Premier Alexei Kosygin left by air today for a three-day official visit to Pakistan, where he was expected to be asked for Russian military aid.

He was stopping off at Dushanbe, capital of the Soviet republic of Tajikistan on the border with Afghanistan, on his way to Rawalpindi where his visit starts Wednesday.

Fruit Crops Hit By Frost's Bite

GREATER VICTORIA DRINKERS DRIVING MORE THAN EVER

VICTORIA (CP) — The first full year's operation of British Columbia's roadside licence suspension law in Greater Victoria indicates that more drinkers are driving than ever before.

Victoria police, the first to experiment with the unique law, said 238 drivers were ruled off the road as borderline impaired drivers between April 5, 1967 and April 5, 1968. The drivers thus avoided prosecution.

But the city also charged 182 motorists with impaired driving and six with drunken driving during the same period, compared with 166 impaired and six drunken driving charges in the previous year.

In neighboring Colwood, RCMP suspended the driving licences of 57 drinking motorists during the first year, but the number of impaired driving charges rose by two to 72. Some officers said the suspension technique probably discourages some social drinkers from drinking and driving. But they said the law doubtless also encourages many others, who, knowing if they are caught, might not be prosecuted.

LBJ And Chiefs To Debate Peace

HONOLULU (CP) — President Johnson confers today with top military men after expressing his disappointment at "two long weeks" of apparently fruitless haggling with Hanoi over a site for preliminary peace talks.

The president, accompanied by Gen. Earle Wheeler, chairman of the joint chiefs of staff, and presidential troubleshooter Cyrus Vance, planned talks with Admiral Ulysses S. Grant Sharp, commander-in-chief of the Pacific command.

Vance, a former deputy defence secretary, has been designated to accompany Ambassador-at-large W. Averell Harriman in any preliminary contacts with Hanoi.

On his arrival Monday for talks with the military and

South Korean President Chung Hae Park, Johnson issued an indirect warning to Hanoi that U.S. patience in restraining bombing of North Vietnam might wear thin.

IGNORES PROPOSALS
He said Hanoi had "not responded to U.S. proposals of five 'neutral sites' for preliminary peace talks—Geneva, Switzerland; Vientiane, Laos; Rangoon, Burma; Jakarta, Indonesia, and New Delhi, India.

Johnson said negotiations over the site should not be a "propaganda exercise"—an apparent reference to Hanoi broadcasts commenting on the talks for a site.

"For us, this is not a propaganda exercise. . . .

Damage May Not Be Severe In Orchards Near Kelowna

Okanagan district horticulturists spent today assessing possible crop damage caused during the unseasonably cold Easter weekend.

The extent of damage has not been immediately determined, but a spokesman said temperatures were more severe in the southern end of the Valley.

He said there definitely was some damage caused by overnight frost to soft fruit trees and in particular the early blooming apricot and peach.

"However, we won't know until we have heard from all orchardists," he said, "it's just too early to tell because some of the trees have not even bloomed yet."

Horticulturalist Maurice Trumpp of Penikese said he had discovered some damage in his area "but it does not appear to be too serious."

"We'll know better later," he added.

NOT TOO WORRIED
A spokesman in the Osoyoos area, probably the hardest hit fruit growing area north of the U.S. border, also said there appeared to be some damage.

But he said none of the orchardists he had spoken with appeared too concerned "at this point."

He said smudge pots were in full use during the Easter weekend.

In the Kelowna area where less soft fruit is grown, a B.C. Tree Fruits spokesman said there were no reports today of extensive damage but he too said "it's too early to tell."

Naramata district horticulturalist Ted Swales said assessing any damage may take a month.

DORMANT STAGE
He said peaches and apricots would be the hardest hit because in his area peaches were approaching full bloom and apricots had been in bloom for a week.

As the fruit progresses from the dormant stage to the small green fruit it becomes more susceptible to sudden drops in temperatures.

A guide to orchard heating indicates the critical temperature for apricots in full bloom is 28 degrees and for peaches starting to bloom about 25 degrees. The temperature in some southern areas dropped as low as 20 degrees Saturday.

Damage was also possible to other fruits such as apples but such damage is impossible to assess this early and usually looks worse than it is.

Tardy School Referendum May Be Presented In May

The much-delayed \$4.6 million school referendum for School District 23 (Kelowna) will probably be presented early in May.

The referendum has been returned from Victoria for the final time, to the school board office today.

Frank Orme, district superintendent, said today a committee meeting will be held Wednesday afternoon to decide the date the referendum will be presented.

"We like to spend about three weeks on publicity for the referendum before the vote," said Mr. Orme. "It will probably be presented about the beginning of May."

A minimum of 10 days notice is required before the referendum can be subjected to a vote. The referendum, for \$4,600,000, covers sites, equipment and buildings.

\$73,000 ADDED
Originally, the referendum was for \$4,678,000, but when sent to the department of education for preliminary approval, the department increased the total by adding \$73,000 to the total budget, while decreasing the equipment budget \$57,500.

The referendum is now broken into \$454,400 for sites; \$3,528,500 for buildings; \$323,300 for equipment and \$338,135 for architects fees and contingencies.

The school board originally hoped to have the referendum ready for a vote in January. The referendum was then sent to Victoria for preliminary approval, returned in revised form, passed by the board, returned because the wrong number had been assigned to the referendum, again passed by the board then returned to Victoria for approval of the minister.

DOLLAR UP
NEW YORK (CP) — Canadian dollar up 1-32 at 92 30-64 in terms of U.S. funds. Pound sterling down 3-64 at \$2.40 5-16.

Quints Born

TEHRAN (AP) — Quintuplets—three boys and two girls—born Saturday to an Iranian farmer and his 35-year-old wife were "doing fine" today in a town accessible only by mule, Tehran newspapers reported.

Police Chief Dies

EDMONTON (CP) — Lloyd Bingham, 55, Edmonton police chief for the last 18 months, died suddenly today after collapsing at his home. He was dead on arrival at hospital.

Boy Rescued

TORONTO (CP) — A 10-year-old boy was rescued on Lake Ontario early today after an all-night search by boats and aircraft. David Blackmore of Toronto set out in a rubber raft on the lake Monday and was reported missing about 7:30 p.m. He was picked up about two miles out from shore.

YVON DUPUIS . . . acquitted

Dupuis Cleared

MONTREAL (CP) — Sessions Judge Marc-Andre Blain today acquitted former federal cabinet minister Yvon Dupuis of a charge of influence peddling, first brought against him in March, 1965.

In a 40-page judgment Judge Blain acquitted Mr. Dupuis of the influence-peddling charge and also two related charges of conspiracy.

It was the second trial for the former minister without portfolio in Prime Minister Pearson's cabinet.

In April, 1966, he was convicted and fined \$5,000 on a charge of accepting \$10,000 in return for using his influence in support of a group seeking a race-track franchise in his riding of St. Jean-Baptiste-Napierville.

That trial was held in Sherbrooke, Que., 80 miles east of Montreal.

NEW TRIAL ORDERED
Last November, the Quebec Court of Appeals upheld an appeal against the conviction by Mr. Dupuis. It ordered a new trial on the grounds that the Crown, in prosecuting to test the credibility of Mr. Dupuis, brought to "the attention of the jury various matters that had no direct relation to his guilt, but might be expected to arouse prejudice against him in the mind of one or more of the ju-

Negro Leader's Son Shot By Neighbor

NEW YORK (Reuters) — A 13-year-old son of Negro leader Roy Innis was shot and killed Monday night by a Negro neighbor who said the boy was making noise outside his apartment.

Police said the neighbor, David Newborne, 49, was charged with homicide in the killing of Roy Innis Jr., whose father is associate director of the Congress of Racial Equality.

The boy was apparently playing with other children in the apartment house corridor. Police said Newborne told them he warned the children several times, then chased them with a revolver and fired one shot, which hit young Innis in the back.

PROMOTER OF THE GREAT BATHTUB RACE, FRANK NEY, SPEAKING TO CHAMBER WEDNESDAY

THEY'RE OFF and running. Mayor Frank Ney of Nanaimo fires the gun that started the famous bathtub race from Nanaimo to Horseshoe Bay on the Mainland. The event that put Nanaimo on the map took place last summer and it was publicized across the country, drawing entries from as far east as Montreal and several from Washington State. More than 200 bathtubs started in rolling seas and only a small percentage finished. It was a gruelling 28 miles and most who finished said they wouldn't do it again unless the seas were calmer. But it still brought fame to Nanaimo and it was a personal publicity victory for Mayor Ney and Nanaimo. The tubs were propelled by a small outboard motor that was limited by the rules to not more than 7 1/2 horsepower but some had foot-operated paddle wheels and one had sails. A typical tub is at left and was one of the first entries in the race. Three women "manned" it and they finished, although they didn't win a prize they were the only women to make the crossing. Mayor Ney is shown wishing them luck. Left, Mrs. Beverly Vipond, Mrs. A. MacDonald and Mrs. Shirley Edward. Their tub had outriggers made of bleach bottles. Mayor Ney will be the guest speaker Wednesday at the monthly meeting of the Kelowna Chamber of Commerce. The meeting will be at the Aquatic Club starting at 8 p.m. Mayor Ney will speak on tourism and show a short film on the actual bathtub race. A Kelowna Chamber of Commerce spokesman, urging support of the meeting, said "this could be the greatest tourist year in our history."

Student Estimate Due Soon

Whether additional teaching staff will be required next year at the three Okanagan Regional College centres depends on the number of students attending.

And college officials are hoping an estimate of this number can be made by the end of the month. The deadline for student pre-registration of application forms is April 26.

College councillor Frank Orme said today "we hope after this deadline date an estimate of the student total can be obtained so we have some basis upon which to go ahead."

He said there are many arrangements which must be made, including teaching staff, accommodation and transportation.

Pre-registration forms have been available at all Valley secondary schools since the college's first year academic program was announced April 8. The program replaces Grade 13 and gives expanded scope for those who will be carrying on with university education. A technological program is expected to be announced at the end of this month.

VOTE POSSIBLE

Lumber Strike Talks Resume

Attempts to produce agreement between both sides in the Southern Interior lumbermen's strike will resume in Vancouver Wednesday.

Talks between the International Woodworkers of America and the Interior Forest Labor Relations Association adjourned last Thursday in disagreement.

Negotiators for the striking woodworkers said they have agreed to submit to a membership vote any recommendations of a conciliation officer.

The union said it has the machinery to conduct the ballot, but the operators have called

for a government-supervised vote.

The strike began Oct. 4 when operators turned down a union demand for wage parity with Coast woodworkers.

Wednesday's resumption of talks will be headed by government conciliator Jack Sherlock.

Mr. Sherlock said today he will attempt to further reduce differences between the two factions in the meeting.

The current Coast rate is 50 cents an hour above the last Interior rate of \$2.28.

The conciliator said he has not agreed to proposals that he make his own recommendations for settling the dispute.

Instead he said he will try for further "hard negotiations" between the two parties until they reach a point where the two negotiating committees can recommend a settlement.

VALLEY SCENE

Canadian Cannery Ltd. in Penticton will build a large modern warehouse to replace rented facilities. The firm, which processes Valley produce, has been renting space at the United Co-op buildings in Penticton for the past three years.

There was a slight increase of tourist inquiries at the chamber of commerce office during the Easter weekend this year compared with last year. Friday and Saturday, more people went to the office, but Monday the flow was less than last year. About 100 people made inquiries at the office this year.

A pre-school immunization clinic will be held Wednesday to bring children up to date on their immunizations prior to entry into school next September. The clinic will be held between 9:30 and 11 a.m. and from 1:30 to 3 p.m. in the South Okanagan Health Unit on Queensway Ave. No appointment is necessary.

The Brenda Mines truck picture on page three of Monday's Courier is even larger than we reported. Information under the picture said the truck would haul 63 tons of material and weigh 100 tons fully loaded. That would be quite a load, but actually those figures are not high enough. The vehicle will carry 63 yards of material, weighing 100 tons and will have a combined weight of 163 tons when loaded.

MOUNTAIN BLAZE
Firemen extinguished a small fire in the Knox Mountain Park Monday evening.

The Kelowna Fire Brigade received the call at 9:15 p.m. The small fire was behind Christina Lake near the top of the mountain.

Cause of the fire was not determined, but firemen say it looked like a fire left by camp-

Odd Fellows Meet Here Next Month

The Grand Lodge of British Columbia, the Rebekah Assembly of B.C., the Grand Encampment of B.C., and the Department Council, Patriarch Milant of B.C. will hold their annual sessions in Kelowna from May 5 to 9.

The origins of Odd Fellowship are shrouded in the mists of antiquity, no historian has definitely recorded when and where this fraternal order had its beginning. However the seed of Odd Fellowship that was planted in American soil in the year 1819 was English in origin. Thomas Wilkey the father and founder of the Independent Order of Odd Fellows arrived in Baltimore, Maryland from England and organized the first lodge on April 26, 1819, 149 years ago.

Today Odd Fellow lodges are found in every state of the United States and in all provinces in Canada, the Canal Zone, in many Latin American nations, Australia, Belgium, Denmark, Finland, France, Germany, Iceland, New Zealand, Norway, Sweden, Tasmania, Switzerland and the Netherlands.

The principles of Odd Fellowship extend to the families of

Odd Fellows; the Rebekah Lodge for women, the Junior Odd Fellows for boys and Theta Rho for girls. The total world membership for the order is approximately 1,500,000 members, with 22,876 units for men, women and children.

TRULY INTERNATIONAL
The Independent Order of Odd Fellows is the only truly international fraternal organization in the world operating under a sovereign grand lodge; the first fraternal organization to build and maintain homes for aged and indigent widows and orphans; the first fraternal organization to organize ladies' auxiliaries; the only fraternal organization given the privilege of holding a pilgrimage to the United Nations each year and spending more than \$250,000 annually on this project.

Hundreds of young people each year spend several days at the United Nations and are given instructions in its operation. They also enjoy an educational bus tour including many of the nation's most historical landmarks.

The IOOF is the only fraternal

organization given the privilege and allowed to hold memorial services annually at the Tomb of the Unknown Soldier and to have conferred the highest honors of the order, the Grand Decoration of Chevalry on the Unknown Soldier. The IOOF is the only fraternal organization that has been afforded the privilege of maintaining an official observer at sessions of the United Nations.

FOUNDATION
The order maintains an educational foundation to help finance worthy college students. Thousands of deserving young people have taken advantage of this fund. The benefits are not limited to those affiliated with the order.

Eye research at Johns Hopkins University Hospital has been authorized by the Sovereign Grand Lodge and a chair of visual research has been endowed by the order. Much has been accomplished in this \$625,000 research project. Odd Fellows and Rebekahs sponsor and administer of eye banks and blood banks have been of tremendous value to individual recipients throughout the world.

The first lodge of the Independent Order of Odd Fellows in British Columbia was instituted in Victoria March 10, 1864, 104 years ago and 10 years later on April 25, 1874, the Grand Lodge of British Columbia was instituted and the forthcoming session to be held in Kelowna will be the 94th annual session of the Grand Lodge.

In British Columbia, as well as in all jurisdictions under the Sovereign Grand Lodge, there are worthy projects.

VARIED ASSISTANCE
The Bursary Fund was established as a successor to the war effort in which Odd Fellows and Rebekahs of British Columbia equipped several ambulances to assist worthy students to continue their studies away from home and is now in its 22nd year. The Grand Lodge together with Rebekahs sponsor bursaries each year as follows: Six bursaries of \$250 each for university education, A. M. Sanford Memorial Bursary of \$200, six bursaries of \$100 for accredited school education.

The order maintains a senior citizens residence at Newton in the Fraser Valley.

The Orchard City Lodge, Kelowna, was organized in June, 1909, and has been active in community activities as well as the projects of the order. The last time the Grand Lodge was held in Kelowna was in 1953.

WHAT'S ON

Kelowna Armories
7 p.m.—Kelowna 903 B Squadron armed services cadets parade.
Boys' Club
3 to 5 p.m.—Activities for boys 7 to 17.
Centennial Hall
2 to 4 p.m.—Carpet bowling and shuffleboard for senior citizens.
Central Elementary School
7 p.m.—Junior Forest Wardens meet.
Regional Library
10 to 9 p.m.—Library open to the public.

New School His Objective

PENTICTON (CP) — A plea for humanism in schools was issued Monday by David Menear, education writer of the Toronto Star and a former high school principal.

He told 2,000 delegates to the British Columbia Teachers' Federation convention: "We have created most of the maladjustment in schools and it is leading to a full-blown problem by our participation in non-humanistic types of education. The repressionist society mind is not a nice thing to behold."

Wearing an "H" armband signifying him as one of the "hippy-hearted people," Mr. Menear added: "The hippies on the courthouse steps don't want out, they want in, deeper, but we have crucified them on Latin verbs."

What is needed, he said, is a "new active school where kids and teachers are real persons." Someday, society will settle for goals instead of marks, tests and grades.

The convention continues through Thursday.

SUNNY weather with a few cloudy periods has been forecast for Wednesday.

The weatherman predicts warmer temperatures and only light winds.

The forecast low tonight and high Wednesday is 28 and 55, and each night the temperature is unavailable.

DATE SET
The trial of Ernest Baulkham of Westbank, charged with driving without due care and attention, will be held May 6. Baulkham appeared in magistrate's court today and pleaded not guilty to the charge. Virgil Wiebe, of Kelowna, charged with theft under \$50, was remanded until Friday for plea.

Three From Fight Jailed But Appeals Are Planned

Both the conviction and sentence of three Kelowna men in magistrate's court today will be appealed.

J. K. McLeod, defence counsel, requested bail be set after William Davies, Lionel Wilkinson and Bryan Lucas were sentenced to 30 days in jail and fined \$200 on a charge of assault causing actual bodily harm.

Decision on bail was to be made in court at 2 p.m. today. All three had pleaded guilty to the charge, laid after a fight which began at the Aquatic March 30 and ended in the 1100 block Bernard Avenue.

"One or two youths could have been killed," said Magistrate D. M. White before passing sentence. "These men went to the dance in work clothes; certainly not to dance. We can do without this sort of behavior in the city."

"This assault came from others attacking their property and themselves," said Mr. McLeod. "They left the Aquatic about an hour and a half earlier, but then the front and rear

windows of their car were broken. They succeeded in getting two of about eight persons responsible but made a mistake in the amount of force used."

The Crown is not seeking jail terms because the three are particularly bad, they are not," said Crown counsel Ross Lander. "We feel the only deterrent effect on others' behavior would be a jail term."

Magistrate White said probation would not be a deterrent for the three because they work for a travelling show and probation would be "difficult to enforce."

SECOND CONSTABLE
The second of two marine constables has arrived in Kelowna to man the new RCMP patrol boat. Const. Tom Brown was last stationed in Campbell River. He is originally from Newfoundland, but spent several years in Ontario before joining the RCMP three years ago. Const. Brown has been stationed in Toronto, Kingston, Halifax, Victoria and several other detachments. He is single.

A few years ago the thought of students planning their study activities in elementary school would have been scoffed at.

Now, however, the trend in education is to a less regimented system.

Every morning, in the Grade 5 class of Mrs. E. J. at the Oyama Elementary school, pupils plan what they will do for two hours.

From 9 a.m. until 11:15 a.m., pupils are responsible for the work they do in language arts. They must do reading, writing, some research and project work each day," said Mrs. Fritz. "They plan how they will use the time and how much

time they will allot to any one topic."

"Each child works on his own level," she said. "The child tests himself and is working against himself."

"I have a conference at least once a week with each child and we analyze how he is doing. At the end of the morning, each pupil writes his own comments on how his schedule worked for that morning."

"From this, the pupil learns to govern his time," she said, "and how to use his time to the best advantage."

Language arts involves anything to do with English: reading, writing, comprehension, reference and speed reading. "I find pupils have a genuine search for knowledge with this

system," said Mrs. Fritz. "Everybody is busy all the time. There is no discipline problem, although there is the occasional slight disturbance."

"The first few days I used the system weren't so good, but now they behave responsibly," she said. "Pupils will go to the library, out into the hall by themselves, or to a friend if they have reached a stumbling block."

"I do guide them to a certain extent," she said, "for example they must do a power exercise a day and they must turn in a project a week, but they determine what they do and how."

Some of the projects written include: Benvenuto Cellini, a comparison of butterflies, origi-

nal poetry, Stonehenge, Robert Louis Stevenson and the cat-combs of Alexandria.

"There is a small minimum they must write in the project," said Mrs. Fritz, "but they can write more, or simply write the minimum and use illustrations or original artwork in the project."

This program began about the end of February. "We had finished the prescribed set of readers and workbooks before the end of February," said Mrs. Fritz. "I wanted to start this type of program but wasn't sure."

She said she waited until the teachers' convention and the Simon Fraser University display arrived in Kelowna in February.

"I went through with two students, then we discussed this setup in class," she said. "I wanted the pupils' ideas and guidance from other areas before trying the system."

Mrs. Fritz said this individualized system reminded her of a plan originated about 14 years ago when she was training as a teacher.

"It was called the Winetka Plan and began in the U.S.," she said. "This called for students to be given an outline, then they would work at their own speed. This was the big plan of the future then."

"In this system today with 30 students there are 30 groups and each pupil is working in his own time at his own level," she said.

Teacher's Role Important Penticton Delegates Told

Penticton (CP) — Research has shown the teacher makes the difference in individual learning techniques, Dr. Sheila O'Connell, education professor at Simon Fraser University, said Monday.

She told a session of the British Columbia Teachers' Federation convention the essence of individual learning is that the teacher must determine the needs, interests and weaknesses of students.

R. J. Berod, principal of a Victoria elementary school which introduced the individual technique, a flexible system without grades or use of marks, said teachers have found some problems.

"He said some teachers at Mackenzie school haven't learned how to evaluate students and others have complained they don't have the proper texts and teaching materials."

Files are kept on each student's progress. The measuring stick is not marks or the number of pages in a text a student has mastered, but progress in areas of endeavor.

Report cards now contain anecdotes on each student pointing up his strengths and weaknesses. "The parents enjoy this type of report. The last time they went out we didn't have one complaint."

Mr. Berod added: "We are going to have to know much more about the mental development of children in order to make the individual learning approach work efficiently."

Dorothy Rizer, education professor at University of B.C., said individual learning programs need not hold back slow or gifted students.

Plate Sale Totals Jump
Licence plate sales for the Kelowna area have increased from last year's totals.

Bert Magoon, government agent, says utility trailer licence totals are expected to increase even more, because "there are still more plates to be issued."

Utility licences cover boat and camping trailers.

A total of 12,678 passenger vehicle licence plates have been sold, 1,204 more than last year.

Commercial plate sales totalled 2,812, an increase of \$8.

There have been 1,187 utility trailer plates sold, 221 more than last year, but this figure will not be final until later this year.

United States Facing Three Major Crises

The violence in many parts of the United States following the murder of Dr. Martin Luther King is a tragic reminder that behind President Johnson's moves to renounce his candidacy and seek peace in Vietnam, there lies an American crisis as well as one in the field of foreign affairs.

The self-confidence of the American people is being tested severely at present when three long-standing and intractable problems have broken out almost simultaneously into crises.

The run of the dollar and the disbanding of the gold pool have opened the eyes of many Americans for the first time to the fact that even the richest country in the world cannot run a balance of payments deficit indefinitely.

President Johnson's decision to stand down next January and in the meantime attempt to negotiate a settlement with Hanoi is effectively an admission that he lacks support for the measures needed to win a clear-cut victory in Vietnam.

And the murder of Dr. King has been a terrifying reminder of the racial violence which everyone expects to erupt more seriously this summer. If the problems facing the United States and her allies are not solved by rational action, they will be solved by force—and the climate is probably less favorable to rational action now than it was even a few weeks ago.

Fortunately the great mass of Negroes remain opposed to violence and destruction. As for white Americans, racialism is deplorably persistent in wide sectors. Many liberal whites have hitherto denied President Johnson the money he needs for urgent reforms. Surely they will now relent.

The president appealed to Congress for constructive measures to repair the damage of centuries and Congress passed it. This in itself is a step forward. But legislation to end racial discrimination is not enough.

The real need is much greater. Americans must now take positive steps to discriminate in favor of Negroes; by giving massive economic aid to the city centres, by providing a guaranteed minimum income for all Americans and by a program of integration by dispersal. Only in this way will the ghettos be destroyed and the United States be brought nearer to a community at last.

Integration must now mean that Americans must see their black brethren as a deprived group for whom massive economic aid is necessary. But money alone will not cure this. The invisible barriers around the ghettos must be dismantled. Housing and schools for people on low incomes must be built in middle and upper income neighborhoods. Higher taxes from the middle class must pay to cure the neglect of centuries of exploitation.

The immediate result of Dr. King's assassination has been a wave of the very violence he so abhorred. If he is to enjoy posthumous victory, it must come in the form of new advances for the American Negro. His memory and his movement will remain a rallying point for those who still believe there is an alternative to violence. The existence of an alternative remains vital. The time has come when violence breeds violence and there is a need for responsible men whose hands are clean and whose principles are intact.

Bureau Unmasks Swindles

Nearly everyone, at some time or another, has bought something he really didn't need, mainly as a result of high-pressure sales pitches or from being "a sucker for a sob story."

Human nature being what it is, there are those who realize the majority of people are gullible. As the man once said "there's one born every minute."

Perhaps, though, some of the "gullibles" are stiffening their attitude. We can't think of a better way to approach this subject than by quoting the Montreal Better Business Bureau.

Tied in with similar bureaus in Canada and the U.S., BBB submits a piece with the provocative headline "Can you afford the Savings?"

It seems a salesman was trying to sell a home freezer to a housewife. The pitch was, "you can save enough on your food bills to pay for it."

She must have been one of the stubborn set. She replied "yes, I know but we are paying for our car with the carfare we save. Then we are paying for our washing machine on the laundry bills we save, and we are paying for the house on the rent we are saving. We just can't afford to save any more right now."

That would seem to be the perfect sequel. But, of course, as we said, gullibility has been the Nemesis of many people for many years. The quick retort of a few will not discourage a high-pressure salesman or glib talker. There will always be thousands more fish in the sea. There are many ways to flush out dollar bills from the pockets of the unwary.

Some of the flourishing rackets include unorderly merchandise schemes because, as the BBB suggests, "some businessmen fall for the lure of a lot for a little."

C.A.R.S. Deserves Praise

Once again the B.C. Division of the Canadian Arthritis and Rheumatism Society has received high praise from a recognized authority.

Dr. John Decker, Chief of the rheumatic diseases section of the U.S. National Institute of Health, Bethesda, Maryland, recently visited Vancouver where he lectured on behalf of the Department of Continuing Medical Education, UBC and was guest speaker at the C.A.R.S. annual meeting.

At a news conference, Dr. Decker pointed out that there are two essen-

tial aims of all arthritis programs: research to discover the cause of arthritis and the cure and taking care of the people, here and now, who suffer from the disease. "This is the area where the B.C. Division of C.A.R.S. is outstanding on the North American Continent," said Dr. Decker. "Their treatment is a prototype which should be produced across the world," he added.

People in Kelowna who are familiar with the work done by C.A.R.S. in British Columbia will welcome Dr. Decker's commendation.

Bygone Days

10 YEARS AGO
April 1958

Mr. and Mrs. Claude Taylor returned from Victoria where they attended the wedding of Miss Deborah Harrison, younger daughter of Commander and Mrs. Leslie Harrison, who formerly resided in Kelowna for many years. Commander Harrison was an active leader of the Sea Cadets while resident here.

20 YEARS AGO
April 1948

Loans taken out by the Kelowna and District Credit Union during the past year amounted to \$4,000 the annual meeting was informed by president S. R. Davis. In presenting the financial statement H. M. Willett said loans since incorporation amounted to \$28,580. Directors elected were: Sid Davis, Jack Gee, Harold Willett, L. Evans and Mrs. I. Weiss.

30 YEARS AGO
April 1938

Charles Hawes was re-elected captain at the annual meeting of the B Squadron B.C. Dragoons Rifle Association, held in the Golden Pheasant Cafe. Regret was expressed at the absence of George Rose. A telegram was sent to him in hospital at Vancouver, signed by all the members, wishing him a speedy recovery. D. McMillan was elected vice-captain and D. E. McLennan secretary.

40 YEARS AGO
April 1928

At the Empress: Wed. and Thurs. "7th Heaven"; coming, Monday: "Rin Tin Tin" the world famous dog in "A Race for Life"; Thurs. and Friday: Sir Rider Haggard's "Moon of Israel."

50 YEARS AGO
April 1918

Ten pupils attended apple packing classes at Westbank, held in the one-time schoolhouse. At the end of the course two prizes were given. Mrs. Nichol won the prize for the best box of wrapped apples, and Leslie Hewlett for the best box of unwrapped apples. Mr. Sewell was the instructor.

60 YEARS AGO
April 1908

At Vernon, on Tuesday, April 14, Duncan Ross, M.P. was again nominated to carry the Liberal banner in Yale-Cariboo federal riding. Kelowna delegates included D. W. Sutherland, Thos. Lawson, F. R. E. DeHart, G. C. Rose, H. H. Millie, W. S. Fuller and Dr. Knox, who also held proxies for John Conlin and D. W. Crowley. The nomination was made amidst great enthusiasm.

WINNING HIS POLKA DOT BELT

Soviet Now Driving Hard To Match U.S. Weaponry

WASHINGTON (AP) — The Soviet Union is driving hard to wipe out U.S. nuclear superiority. With as much determination, defence officials here are planning counter measures to maintain the United States' edge.

The Soviet Union is throwing up a powerful challenge to the U.S. for the title of nuclear king.

The defence department acknowledges Russia may claim the lead by mid-1969 in numbers of land-based inter-continental ballistic missiles, surpassing the 1,054 now deployed in the U.S.

Associated Press interviews and examinations of censored defence testimony before congressional committees show Soviet nuclear submarine is emerging as a serious threat to U.S. Strategic Air Command bomber bases.

Russia already has an anti-ballistic missile defence around Moscow and is expected to expand it to other areas.

The Soviets are expected to have a new space-type weapon, the so-called fractional orbital bombardment system or FOBS, ready for use this year.

FOBS is essentially a missile which would launch an atomic warhead package into orbit about 100 miles high—well below the normal 800-mile peak orbit of ICBMs. The low flight would allow the FOBS bomb to duck beneath line-of-sight ballistic missile early warning system radars until only about three minutes before impact.

This is how force levels of both sides stack up, according

to figures gleaned from official and unofficial sources: U.S. 1,054 USSR 720 as of last Oct. 1 and probably 800 or more by now.

Submarine-carried ballistic missile launchers: U.S. 656, comprised of 41 Polaris atomic-powered subs equipped with 16 launchers each. USSR 30—that is 10 operational nuclear-powered subs capable of sustained underwater operations, carrying three launch tubes each. Total launchers: U.S. 710. USSR 750.

Intercontinental bombers: U.S. 680. USSR 155.

These forces, according to the annual military posture statement of former defence secretary Robert S. McNamara, pack 4,500 U.S. nuclear warheads as opposed to Russia's 1,000.

The missile count, however, doesn't tell the whole story.

NUMBER JUMPS

Last year the Soviets jumped to 720 from 340 land-based ICBMs, and McNamara told Congress they may match the 1,054 U.S. launchers by mid-1969.

Because U.S. Polaris subs carry five times as many missiles as the Soviets', however, Russia is unlikely to equal the U.S. ICBM launchers until the late 1970s.

The real fear of defence department scientists is that the Soviets will develop missiles with such accuracy they could knock out U.S. launch sites. Thus the U.S. is developing new "superhard" silo designed

to withstand almost direct hits by Soviet warheads. These will be built if there is indication the Soviets are deploying improved-accuracy weapons.

But what happens when Russia starts putting in its own multiple warheads?

Some Communist military commentators suggest that a Soviet switch to multiples, rather than single multi-megaton weapons, would result in a sudden change in missile math, leaving Russia with a favorable ratio of about four to two in terms of warheads.

There is the theory in defence circles that just as the U.S. must guarantee it has an "assured destruction" capability, so must the Soviets, to prevent an American missile attack.

Of more concern, however, is the possibility the Soviets are striving for what is known as a first-strike capability: the means of knocking out most if not all the U.S. missile and bomber forces by surprise and escaping with a minimum, or acceptable, amount of damage.

Top defence officials say such a capability is not within the grasp of either country; that furthermore, the U.S. will never allow itself to get into such a strategic position.

TODAY IN HISTORY

By THE CANADIAN PRESS

April 16, 1968 . . . Canal, now known as the Welland Ship Canal, was opened to navigation 81 years ago today—

in 1887—to become a strategic link between Great Lakes shipping and the Atlantic. The canal allowed vessels 253 feet long, with a 45-foot beam and a draught of 14 feet, to pass from Lake Superior through to Montreal. The canal has since been enlarged.

1935—Seven coal miners were killed in an explosion in a mine at Stollerton, N.S.

1948—Canadian troops captured Groningen, ending the Battle of North Holland.

First World War

Fifty years ago today—in 1918—the Germans captured Wytschaete and Spanbroekmolen; Metereen, on the Baillou-Cassel road, was lost and then retaken by French troops.

Second World War

Twenty-five years ago today—in 1943—the RAF, supported by Canadians, executed one of the heaviest daylight raids on Ostend, Belgium; U.S. bombers blasted Lorient and Brest in France, and raided Mannheim, Ludwigshafen and Pilsen at night; from Allied headquarters in Australia, planes bombed six merchant vessels and three warships attempting to land supplies at the large Japanese base of Wewak, New Guinea.

AGREE EXCHANGE

MOSCOW (AP) — The Soviet Union and newly independent Mauritius, a former British colony in the Indian Ocean, have agreed to exchange ambassadors.

BIBLE BRIEF

"And she shall bring forth a son and thou shalt call his name JESUS; for he shall save his people from their sins."—Matthew 1:21

Jesus is the name that saves. If we miss this great truth all else is doomed to failure.

There is none other name given among men whereby we must be saved."

1941 Trans Canada Airlines service was extended to Halifax.

NEWS ANALYSIS

One More Look At Domino Theory

By PHILIP DEANE
Foreign Affairs Analyst

If the U.S. signs away its right to regulate South Vietnamese affairs—and the right must be signed away to get peace—will the communists take South Vietnam and then all the surrounding countries, perhaps even India? Will the communist victory in South Vietnam—for that is what we are talking about—so cow neighboring countries that they will all immediately give in to communism? These are the questions of the so-called domino theory.

If the answer is "yes," here are the worst possible consequences and their meaning: Laos, Cambodia, Thailand, Burma, Malaysia, India and Pakistan eventually become communist. Not Indonesia, though, because all the communists have been killed there and it is not easy to start a communist takeover without a communist movement. China had a communist movement with a long history when Chang Kai Shek was ousted by Mao.

Cambodia, Thailand, even Burma and India and Pakistan, do not have communist movements of sufficient size and experience to form a tightly controlled central administration. By this very fact, even if their governments are communist in name, they will not be communist by any definition of communism other communists would accept. Local nationalism would be the dominant force plus a racial antipathy towards the white man. A flood of anti-American editorials would pour out, but then it pours out already.

The upheaval of turning communist and a certain amount of purging by the communists of "bourgeois" technicians, will make the insoluble problems of these Asian countries even more insoluble. Hunger might well be aggravated by any attempts to rearrange land tenure, and hunger already is at the famine level every other year.

Russia will try to help to counter Chinese influence. The Chinese will not have enough technicians to spare; they certainly will not have enough equipment or money to spare either, to keep garrisons in such newly communist countries. In any case, wherever the Chinese have sent large missions, they have engendered a wave of hostility—they are as much a target for nationalist resentment as the whites are. . . they act as arrogantly superior as the whites.

Staggered by the magnitude of the economic problem in aid to get aid. Russia will even encourage them to court America courage regimes that may be communist in name but well to the right of Tito in fact, both so that they can deal with the West and so they do not obey China. If Russia fails in her efforts at fostering a rapprochement between America and communist Asian nations by making those nations non-communist, then she will have to stand by helplessly watching an immense Asian population, under nominal communist control, failing to govern, feed and organize. Communism will have to declare itself bankrupt in Asia.

Grumbings At Poor Quality Aimed At Producers In U.S.

NEW YORK (AP)—Grumbings from U.S. corporate purchasing agents about the poor quality of manufactured products are growing louder. Some feel a deterioration set in about two years ago and now is intensifying.

Blamed for the condition are several factors, but most commonly cited are:

—The present high-volume economy which is putting strains on some production facilities, even though industry as a whole is not operating at total capacity.

"High volume is the name of the game," said Jack O'Connor, editor of Purchasing Week magazine. "The important thing is to get the product out of the plant."

Cost-cutting in plants and factories in an attempt to take pressure off a profit-squeeze. Ironically, some agents note that this cost-cutting is double-barrelled. Corporate purchasers seeking to save money put pressure on the vendor for lower-cost goods. The vendor, seeking to maintain profit margin, skimp on quality.

QUALITY SUFFERS

A deterioration in workmanship, partly because of a tight labor market in which marginal employees are used.

"Too many skilled people have lost pride," said the agent for a company whose annual sales top \$1,000,000,000. "It's a general frame of mind of too many workers. Too many of us don't have pride in a job well done."

A spot check, however,

shows that some corporations feel there has been no deterioration in quality, especially in the quality of raw materials.

Another purchasing agent comments that the size and complexity of some products now makes it impossible for them to be thoroughly tested before being delivered to the customer.

But the gripes do seem to be rising in crescendo. Echoing the complaints of manufacturers is the discontent of consumers about sloppy work, poor design, lax servicing.

The fact that thousands of autos have been recalled for defects is also evidence of the problem.

Said the purchasing agent for a company that spends more than \$100,000,000 a year on plant expansion: "We've been plagued with the quality of equipment supplied—compressors, turbines, chemical processing machines."

COST PILES UP

This, he said, not only causes the finished plant to be more expensive than had been foreseen, but results in costly delays in getting the plant into operation.

"We haven't got a profit margin that can tolerate a half-good plant," he said. "We can't afford it."

Purchasing Week, which surveyed 50 to 60 companies, says workmanship is slipping on a wide range of products, including automotive parts, metal cans and corrugated containers.

CANADA'S STORY

There May Be Diamonds Along St. Lawrence

By BOB BOWMAN

A recent announcement that the famous De Beers Company of South Africa is going to look for diamonds along the St. Lawrence River should be of great interest to Canadians. Nobody knows more about diamonds than the \$800,000,000 De Beers Consolidated Mines Ltd., and they must have very good reason to believe the precious stones are available along the St. Lawrence, Jacques Cartier said so 428 years ago!

On April 16, 1542, Cartier and his men were camped at Cap Rouge, close to where the Quebec Bridge is now. They had been there since August, and were glad to see the end of a dreadful winter after trying to establish a new colony. The experiment had not been successful, but there was one amazing achievement. The holds of Cartier's three ships were laden with gold and diamonds! Now they would be able to prove to King Francis I that Canada was worth developing.

Unfortunately, when Cartier got back to France, hiding his precious metals in barrels of sand, the diamonds were found to be rock crystals, and "Canadian diamonds" became a term of derision in France for many years. The gold was genuine, but there wasn't enough of it in the rock formations to make it worthwhile mining.

Nevertheless, did the Indians know that there were real diamonds along the St. Lawrence? No doubt Cartier showed them real diamonds and gold, and they said they could be found along the river. Of course the Indians loved to tell tall tales. They led Cartier to believe, among other things, that there was a race of white men living inland who were all one-legged!

Now the great De Beers Company says the rock structure along the St. Lawrence is suitable for diamonds. A promising area is Ile Bizard, an island below Montreal; and so is the place where La Ronde was built for Expo '67.

OTHER EVENTS ON APRIL 16:

PLAYING WITH HIS BEAR

Getting in a little practice off against a somewhat smaller opponent. The bear will fight two men Saturday when professional wrestling returns to the Memorial Arena. Main event on the card is the match between Abdullah The Butcher and Don Leo Jonathan.

Stars Face Elimination In Minnesota Tonight

By GRAHAM COX
Canadian Press Staff Writer

When Blair's a proud man whose team is tiring. Blair's Minnesota North Stars trail Los Angeles Kings 3-2 in their best-of-seven National Hockey League quarter-final series.

It's been a homer series to date and the sixth game is set for tonight in Minneapolis.

But his skaters have slowed perceptively during the last week and their performance is a cause for concern to the 43-year-old former Oshawa, Ont., milkman.

"We have a tired club on our hands," said in an interview Monday night. Because of injuries during the season, there are 12 players who carried the team all year. I just hope they can carry the load a little farther.

A GREAT JOB
"We don't talk about it, but they've done a great job getting us this far."

The Kings and North Stars are battling to meet the winners of the St. Louis Blues-Philadelphia Flyers series for Western Division honors. Blues, who lead their set 3-2, are at home tonight to the Flyers.

Montreal Canadiens already have sewn up one Eastern quarter-final, eliminating Boston Bruins in four straight games, while Chicago Black Hawks lead New York Rangers 3-2 in the fourth series, which continues tonight in Chicago.

Blair announced Walt McKechnie has been recalled to the club from Phoenix Roadrunners of the Western League and will replace either Leo Thiffault or Andre Pronovost.

Blair also announced during the interview he was resigning his dual portfolio of general manager-coach at the end of next year and will continue with the North Stars as general manager.

"It's been a tough year, but very rewarding."

WREN BLAIR
... tired team

"We started with nothing and now have ourselves some really fine hockey players to build a solid nucleus for the years to come."

SHOWING WEAR
Wear and obviously sagging from the difficult year of creating a new team in the expanded NHL division, he said:

"Next season will probably be my last as coach."

"By then I shall have completed my job as foreman (coach) and will need to turn my attention more to my group leader (general manager) position with the club."

He indicated that his successor would be John Muckler, 34, coach of Memphis South Stars of the Central Pro League.

"John was hired a year ago and told at that time that when I got ready to devote my time to general-managing the North Stars, he would become coach," Blair said.

Referring again to the current series, he said the players his club would most have to watch on the Kings were Ed Joyal and

Gord Labossiere, two centres who had indifferent seasons in games between the two teams but who have come on strongly in the playoffs.

"We haven't played as well as we can so far in the series," he said. "But if we can get all our scorers hitting on the same night, we should win tonight and back in Los Angeles."

"It's just a question of how bad do they want to win. 'All season long they've played great hockey when they've had to—and now they know they have to or they're through.'"

It's the same situation for the Rangers and the Flyers.

The St. Louis-Philadelphia series to date has stressed hitting, resulting in rather dramatic repercussions.

During the last three games between the two clubs officials have signalled 271 minutes in penalties, including 105 minutes in Saturday's game that erupted into a donnybrook.

NHL president Clarence Campbell announced Monday fines totalling \$3,800 resulting from Saturday's fiasco in which Philadelphia's Claude Laforte suffered a mild concussion and needed 14 stitches to close a head wound.

Philadelphia took the brunt of the penalty fines with \$1,950, including \$500 to coach Keith Allen for not controlling his players during a 20-minute free-for-all. St. Louis coach Scotty Bowman was nicked for \$400.

The New York-Chicago game, which starts at 8:30 p.m. EST and will be carried on the CBC-TV national network starting at 9 p.m., could well decide that series. The game will be carried in full nationally by CBC radio.

Astros Finally Win Marathon With Mets

By RON RAPOPORT
Associated Press Sports Writer

Rusty Staub said things started getting pretty funny around the 17th inning. Roy Hofheinz officially sanctioned the humor of the situation five innings later.

Two innings before the longest night game in major league history ended in the Astrodom Monday night with Houston Astros a 1-0 victor over New York Mets the following legend appeared on Astros' owner Hofheinz' psychedelic scoreboard:

"The judge says he's ready to go to bed... let's score a run."

"After about the 17th inning, everything sort of got funny," said Staub, who batted nine times in the six hour, six minute contest. The game outlasted by two innings the longest night game played previously, a 6-5 American League victory for Washington Senators over Chicago White Sox last year.

PAYS DIVIDEND

The game ended in typical Metsian fashion, with an error letting in the run after eight pitchers had battled valiantly to preserve the scoreless deadlock.

In the only other National League game played, Los Angeles Dodgers rallied to beat Pittsburgh Pirates 3-2 and St. Louis Cardinals topped Atlanta Braves 4-3 in 10 innings.

Shortstop Al Weis let a ground-off of the bat of Bob Aspromonte go through his legs and that sent in Norm Miller, who led off with a single and advanced on a balk by Les Rohr and an infield out.

Tom Seavers was the first of the Met hurlers, giving up just two hits in 10 innings, and retiring 22 batters in a row after the third inning.

Don Wilson did almost as well in the first nine innings for Houston, but was long gone by

BOB ASPROMONTE
... delivers clincher

the time Wade Blasingame, the fifth Houston pitcher, was officially declared the winner.

LEFEBVRE UNLIMBERS

The Dodgers won in a finish that would have made a writer of juvenile sports fiction blush. Bob Veale was breezing along on a one-hitter into the ninth, but Jim Lefebvre's two-out, two-run homer beat him.

The first Los Angeles run of the inning, scoring on an infield out, was only the second scored in 44 innings this season.

Bill Singer, who gave up only six hits himself, and retired 19 batters in a row at one stretch, was the winner. Veale didn't allow a hit until the fifth when Rocky Colavito singled.

And in yet another last-inning finish, Johnny Edwards came up with a pinch single that drove in the winning run for the Cards. Pat Jarvis and Bob Gibson had fuelled 1-1 into the seventh when Hank Aaron's homer gave Atlanta a one-run bulge.

Bob Allison Powers Twins To Fifth Straight Victory

By DICK COUGH
Associated Press Sports Writer

Spring has been a little late this year in Minnesota, but a heat wave is on the way.

Big Bob Allison and the torrid Twins are coming home. While temperatures hovered around the freezing mark in Minneapolis-St. Paul Monday night, Allison continued his early-season hitting binge with two doubles and a triple at Baltimore as the unbeaten Twins whipped the Orioles 6-3 for their fifth straight road victory.

Allison, an American League hitter with a .550 average and the Twins topped the AL standings as they headed back to Minnesota for Wednesday's home opener against Washington.

The Senators blanked California Angels 7-0 behind Camilo Pascual's six-hit, nine-strikeout pitching and Oakland Athletics downed New York Yankees 6-3 in American League day games.

Detroit Tigers and Boston Red Sox were rained out and Cleveland and Chicago were not scheduled.

Allison doubled in the second inning, tripled in the fourth and doubled again in the sixth—giving him eight hits in nine at-bats—before going out in his last two trips to the plate.

Right-hander Dave Boswell overcame a shaky start and held the Orioles to four hits.

BOB ALLISON
... in high gear

At Washington, Pascual became the only active American League pitcher to reach the 2,000 strikeout mark when he fanned the Angels' Chuck Hinton in the fourth inning.

The 34-year-old right-hander, who missed the last three weeks of the 1967 season after breaking his left ankle in a game to California, finished the day with a total of 2,007 strikeouts and the 33rd shutout of his career.

Ken McMullen and Sam Bowens homered for the Senators.

Ramon Webster drilled a triple and homer, driving in three runs, and rookie Reggie Jackson delivered two more with a double and homer as the Athletics pounded Yankee ace Mel Stottlemyre.

OPPONENT UNNAMED

Chualo To Fight In Valley Centre

George Chualo, Canadian and British Empire heavyweight boxing champion, will fight in Penticton's Memorial Arena June 29.

Contracts confirming the fight were received by the promoters Monday. They were returned from Toronto where final preparations were made.

As yet, no opponent has been named but a number of fighters have been contacted. One of these is Jim Christopher, a heavyweight from Milwaukee, Wis.

Chualo will arrive in Penticton June 25 for last-minute training and pre-fight publicity. A press conference will be held in Kelowna prior to the fight probably at the Capri Motor Hotel.

Chualo will also attend a number of events in Penticton before the fight. Tickets will be on sale in Kelowna. The exact time of the fight has not yet been determined but all final arrangements, including the selection of an opponent, will be made public on or before May 7.

Chualo, at 29 years of age, has been Canada's dominant threat to the world heavyweight boxing championship. He fought Cassius Clay for the title some years ago in what many consider was Clay's toughest fight. Chualo lost in a decision. He has fought 55 fights, losing only four. He has won 39 by knockouts and 12 by way of a decision.

Penticton's plans to host such a fight were revealed earlier this year when Chualo was a guest speaker at the Penticton Boys' Club annual sportsman's dinner.

At that time, the promoters expressed only an interest in staging such a fight. Months of hard work and promotion, both in Penticton and Toronto, have resulted in Penticton obtaining the fight.

All proceeds will go to the Boys' Club. Preliminary fights include two four-round middleweight bouts and one six-round heavyweight bout. All preliminary action will be put on by professionals.

Dejordy A Key Performer In Black Hawk Comeback

CHICAGO (AP) — Denis Dejordy is the kind of guy who likes to pay his debts.

The mortgage fell due during the current Stanley Cup quarter-final with New York Rangers and Chicago Black Hawks couldn't be happier.

Dejordy, inactive for the final five weeks of the regular National Hockey League season with a broken finger, has taken over in the nets and as a result the Hawks hold a 3-2 lead in the Eastern Division playoff.

A victory on home ice tonight would land the Hawks in the semi-finals against champion Montreal Canadiens, who eliminated Boston Bruins in four straight games.

I knew the guys were counting on me when the series started," said Dejordy. "The Black Hawks have been pretty good to me."

"They stayed with me at the beginning of the season when I reported late and it took me so long to get in shape."

"Then when I had the injury, they stayed with me again. I don't want to let them down."

Both Dejordy and New York's Ed Giacomin have been magnificent in the series in which neither team has shown much desire to protect its goalie with outstanding defensive manoeuvres.

Nevertheless, Hawks coach Billy Reay feels his club now has the edge after Sunday's 2-1 victory in New York which saw Dejordy turn back 32 shots while Giacomin handled 23.

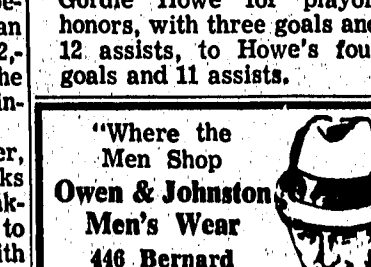

FIGHTS

By THE ASSOCIATED PRESS
Philadelphia—Ismael Laguna, 135, Panama, knocked out Bud Anderson, 138, Philadelphia, 9.
Sesaucon, N.J.—Tony Mamarilli, 136, 8 c.o.u.s., stopped Doug Charles, 153½, New York 1.

Tokyo—Kazuyoshi Kanzawa, 118, Japan, knocked out Baby Lorna, 117½, Philippines, 9.
Kennewick, Wash.—Bill Schellhas, 191, Renton, Wash., outpointed Charley Reno, 235, Riverside, Calif., 10; Larry Buck, 170½, Toppentish, Wash., stopped George Thomas, 175, Oakland, 7.

By THE CANADIAN PRESS
REMEMBER WHEN... Chicago Black Hawks won the Stanley Cup seven years ago tonight—in 1961—for the first time in 23 years. In the sixth game of the final they overpowered Detroit Red Wings 5-1. Chicago's Pierre Plante tied Detroit veteran Gordie Howe for playoff honors, with three goals and 12 assists, to Howe's four goals and 11 assists.

MEMORABLE EVENTS
There was Joe Louis knocking out Max Schmeling in their famous second fight, Jack Dempsey blasting Luis Firpo through the ropes and Bobby Jones hitting a golf ball.
Several persons gathered around an impressive painting of Big Daddy Lipscomb and others were attracted by sculptures of Bob Cousy, Jesse Owens and Casey Stengel.
The one of Stengel, even though he wears a New York Mets uniform, looked like a winner.

Membership Drive At Tennis Courts

By MARG McFADDEN

LAST YEAR, the tennis section of the Kelowna Golf and Country Club fell on hard times. Their three clay tennis courts became the foundations for the new clubhouse and the membership, dispossessed and without a club to call their own, slumped badly.

Now it's a new year, there's a new clubhouse and glory hallelujah, three new, beautiful, playable, elegant, gorgeous, smooth clay courts. With all this bounty the tennis members would like to share it—with new members, of course.

So operation membership is under way and is designed to return to the fold such tennis varieties as the "I-haven't-played-for-years," and the "Well, I-played-a-little-in-high-school" strains, both rather tender plants but sure to bloom if re-introduced to the courts under encouraging conditions.

We are also hoping for some hardy tennis perennials who, upon seeing the courts, will run down several golfers and the tennis fan at the gate in their rush to start playing.

THE COMMON DENOMINATOR is interest and a desire to play.
To allow these people to try the court facilities, the Tennis Club is sponsoring a Tennis Weekend on April 20 and 21. Throughout the weekend, visitors and guests will be able to use the courts free-of-charge and will only need to bring along a pair of running shoes and a tennis racket.

The following is the schedule for the weekend: Saturday: 12:30 p.m.-4:30 p.m.—Tennis—a mixer with club members; 5 p.m.—Wine and cheese party in the clubhouse. Dinner may be ordered if desired. 9:30 p.m.—Dancing at the clubhouse. Sunday: 12:30 p.m.—Tennis; 3:30 p.m.—Tea served in the clubhouse.

IF YOU HAVE ever wished to return to tennis or learn tennis, now is your opportunity. Remember that besides being fun, tennis is good for your heart, lungs and that general feeling of well-being.

Switch from iron tonic to tennis and you'll never regret it. Give it a try and come up to the Kelowna Golf and Country Club courts Saturday and Sunday, April 20 and 21.

It Starts Thurs., The Biggest Event Of The Year! Meikle's 70th

NANCY GREENE CHATS WITH LADY OF THE LAKE

Canada's Gold Medal winner and pride of the ski slopes, Nancy Greene, was snapped at the recent Rossland Ski Championships chatting with Kelowna's Lady of the Lake, Maria Crittenden, and Fred Davis of Front Page Challenge. Miss Greene has since announced her decision to retire from Olympic and International competition.

Kelowna Couple Celebrates Sixtieth Wedding Anniversary

Mr. and Mrs. Mark Sartorio marked their 60th wedding anniversary on April 10 with a reception held for their immediate family and close friends at their home on Harvey Avenue.

Mr. Sartorio who was born in Come, Italy, on April 23, 1880, came to Canada in the Spring of 1904 and in 1908 in Fernie married Eva Minunzie, who was born in the province of Milano, Italy. Following the marriage Mr. Sartorio worked in Fernie for four years as a section man and foreman for the C.P.R., before moving to Blairmore, Alta., where he was in business for 41 years, including a confectionery, wholesale dry goods and groceries, and a bottling plant that he took over in 1935.

In 1945 the couple retired and took up residence in Kelowna. They have two daughters, Mrs. Ernest Basse of Cranbrook, and Mrs. Edward Wood of Coleman, Alta. Two grandchildren and four great-grandchildren.

Mr. and Mrs. Sartorio received congratulations on this happy occasion from the Queen, Prime Minister Pearson, Lieutenant-Governor Pearkes, Premier W. A. C. Bennett, Bishop A. Harrington of Kamloops, Bishop W. E. Doyle of Nelson, and Mayor R. F. Parkinson of Kelowna.

Rutland WI Appoints Delegate To Attend Osoyoos Conference

Plans for representation at the forthcoming district conference were made at the monthly meeting of the Rutland Women's Institute on Wednesday, April 10. The conference is being held this year at Osoyoos on May 6 and will be attended by representatives of Okanagan and Shuswap areas.

Vice-president, Mrs. J. B. Baustad, was chosen official delegate from Rutland WI and it was indicated that additional members would be going in sufficient numbers to require the two cars for transportation which are already available.

Mrs. Edward Burnell, the local president, was selected as representative of the Rutland WI on the board of the Rutland Centennial Park and Recreation Association. A letter from the Pre-School Teachers Association was read, and after some discussion was tabled for further consideration at the next meeting, and the minutes of the previous district rally, held last year at Osoyoos, were read to the meeting.

Afternoon tea was served by the hostess, Mrs. George Cross, assisted by her daughter Mrs. Iona Peel.

A quilting bee was combined with the regular meeting, with many of the members spending both morning and afternoon at the home of Mrs. Cross. The quilt now in process of completion is to be the door prize at the Rutland Women's Institute annual flower show, to be held this coming summer.

The next meeting of the Rutland WI will be held at the home of Mrs. Donald McEwen on Wednesday, May 8.

WHOOP UP!!! (CP) — An aroma of paint and clay from over the mountains of the former musty smell of Fort Whooop-Up. Because that's where Mungie's, head of the University of Lethbridge's art department, is conducting classes. The single-celled building has already seen use as a barn and a roller skating arena.

MR. AND MRS. MARK SARTORIO

ANN LANDERS

A Fellow 19 Should Look For A Girl 17

Dear Ann Landers: I'll make it brief and to the point. My age: 36. Background married twice. First marriage to a man twice my age, (I was 16.) My mother pushed me into it because she thought he was rich, I said O.K. because I thought he was kind. We were both wrong. The third time he broke my nose I divorced him.

My second marriage lasted two years. My husband drank vodka martinis for breakfast with beer chasers. He worked for the city and had a fatal accident at work. I'm sure he was smashed on the job, but they paid off nicely and I got a generous settlement.

I bought a small cafe three years ago and have been doing very well. The problem: A 19-year-old boy applied for a job four months ago and I hired him. He is handsome, hard-working, and I think we are in love. He is very growing up for his age and looks a lot older than he is. The Army won't take him because he has a steel plate in his head. He wants to marry me. What do you think? — ANGIE

Dear Angie: The kid has a steel plate in his head. What's your excuse? A fellow 19 should be looking for a girl 17. If you are smart you'll help him find one. Where's his mother, anyway?

Dear Ann Landers: I am a 13-year-old boy who thinks your advice stinks. Why did you tell that 12-year-old kid he is better off staying in the house practicing the piano, which he hates, than being out in the fresh air doing ball with the gang? Any doctor will tell you that you are wrong. Also this kid's chances of becoming a great ball player are a lot better than his chances

of becoming a great piano player because he said in his letter he loves baseball and hates piano.

I used to think you were on the side of us kids, but now I think you are a crabby old lady. — FORMER FRIEND

Dear Former: I doubt seriously that the boy is in danger of becoming either a great pianist or a great ball player. That, however, is beside the point. What I had in mind was discipline. Unfortunately, too many kids are allowed to do only what is easy, convenient or pleasant and practicing piano is not usually on the list. Got it straight now, Buddy?

Confidential to: This time it's real! It's real nothing. You must have found the screwball with a Geiger counter. Girls who marry for money find it's the hardest work there is.

HITHER and YON

Mrs. Betty Farrally of the Canadian School of Ballet has received a Canada Council Grant with which to visit England, in order that she might acquaint herself with the changes in the new children's syllabus for the ballet in education at the Royal Canadian Ballet in London. She is planning to leave for England at the end of May.

Mr. and Mrs. Robert Bletcher returned on the weekend from Honolulu where Mrs. Bletcher has been holidaying for the past three months and was joined by Mr. Bletcher for a month.

Roy Davis of Toronto is spending a week in Kelowna visiting his mother Mrs. V. Davis, Okanagan Manor, and his sister Mrs. Edna MacDonald in Glenmore.

Spending the Easter vacation in Kelowna visiting Miss Maureen Haskitt, daughter of Mr. and Mrs. W. C. Haskitt, is Miss Katherine Oliver, daughter of Mr. and Mrs. W. R. Oliver of Penticton. The two girls are participating in a riding course which is taking place at the Kelowna Stables, Bulman Road, this week.

Spending the Easter holiday with Mrs. Claude Taylor are her daughter and her husband Mr. and Mrs. Duvveward from Fort McNeill, Vancouver Island, and family from Calgary spent the Easter weekend with Mrs. Booth's parents Mr. and Mrs. J. F. Hampson.

Here for the Easter weekend to visit her mother Mrs. D. M. Tires of Retiring PHILADELPHIA (AP) — Ruth Gray, who recently received the first Printing Woman of the Year Award from the Philadelphia Club of Advertising and Women in the Graphic Arts, can't seem to get the printer's ink out of her blood. Although she has retired several times in the past, she invariably returns to the printing field. Now in her early 70s, she's still working.

Visit From Junior Group Enjoyed At Meet Of Kelowna Branch SPCA

The regular monthly meeting of the Kelowna Branch of the B.C. Society for the Prevention of Cruelty to Animals was held recently in the Kelowna Health Centre with President Joan Hamblin in the chair.

Membership Convenor Mrs. Dora Baillie reported that the 1968 membership was climbing rapidly and the branch welcomed two new active members, Garth Stevenson, owner-manager of the Rutland Riding Stable and P. A. Goldsmith from Haney, B.C.

Inspector Miller's report noted that 220 phone calls had been received in March, 13 dogs and one cat had been placed in good homes and seven investigations of alleged cruelty had been made.

President Joan Hamblin read an extract from the Washington Post of November 9, 1967, stating that doctors predicted that vaccines grown from human tissue would soon be given to the mass public of the United States. Hitherto one of the main sources of vaccines has been chimpanzee kidneys. One doctor said that researchers have been able to isolate no fewer than 47 contamination "agents" from the chimpanzee alone. Not only do these "agents" cost time and money to clean up in the preparation of vaccine, they might go undetected and cause illness in the person being inoculated with contaminated vaccine.

The members were delighted to receive a visit from Mrs. H. Rahder and her Junior SPCA Group, and President Joan Hamblin presented them with a mascot brought by Mrs. J.

Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.

Western Arrow

Daily jets to Britain from Vancouver this summer, including non-stops to London.

Western Arrow is easily your fastest, most convenient way to the fun of Britain. Your jet bypasses eastern Canada, flies straight to the mark. No changing planes. No wasting precious holiday time.

Ever since Air Canada introduced Western Arrow service, Westerners were quick to make it their own way to Europe. This summer you can fly Western

Arrow from Vancouver to Scotland or England—or even to Germany and Scandinavia. And all Western Arrow flights offer attentive in-flight service and excellent cuisine.

Plan your trip at the right time and you can take advantage of our low 14-21 day Economy Excursion fares. Of course, you can always use Air Canada's "Fly Now—Pay Later" plan;

just 10% down and up to 24 months to pay the balance. But first, put Western Arrow in your quiver and see your travel agent.

Sample 14-21 day Economy Excursion return fares (valid during applicable two periods):
Vancouver-London - \$539
Vancouver-Glasgow - \$510

*Subject to Government approval

Few Bullets Used By Army In Quelling U.S. Riots

WASHINGTON (AP) — In the year it has been going into slums to quell riots the U.S. Army has found, it's better to try to outnumber rioters than to outshoot them.

Only about 15 bullets were used in coping with the recent wave of looting and burning in Washington, official reports say. The troops did not injure anyone with gunfire. But tear gas was used liberally.

The violence in Washington and scores of other cities was a crucial test of the army's tactics for coping with civil disorders.

Negroes in more than 100 cities reacted to the death of Dr. Martin Luther King Jr. by some form of disorder and about 40

lives were lost. By comparison, the Newark and Detroit riots last year had a combined toll of 66.

Thus, top officers say the army feels the recent disorders show the homework the army has been doing for months has been time well spent.

QUELL DISTURBANCES

The army poured more than 26,000 soldiers into Washington, Baltimore, and Chicago, the three sorest spots in the nationwide siege of street violence.

These regulars were backed up by 14,800 National Guard troops who were "federalized" — called up and added to the regular forces — and 32,000 other guardsmen mobilized by their governors.

Across the U.S. the rule that officials made stick, with few exceptions, was that soldiers and guardsmen display their weapons but keep them unloaded.

The army put the tag "Garden Plot" on its plans for dealing with national civil disturbances when they were taking shape last year. A basic assumption of Garden Plot is that certain cities are likely seedbeds for riot and require special attention.

The tactics of restraint came in for criticism from Senator Russell B. Long, Louisiana Democrat, who said he would press that police use guns to stop fleeing looters.

"It might cost a few lives to be strong and enforce the law," he said, "but I don't see that we are too badly off if a few professional robbers, thieves and arsonists do lose their lives playing that kind of trade."

Courts Have A Busy Time In Wake Of Assassination

By THE ASSOCIATED PRESS

Courts are engaged in processing thousands of arrests made during the looting, arson and violence that followed the slaying of Dr. Martin Luther King Jr. Hundreds are still in jail.

Hundreds have been fined, mostly for curfew violations. Many have received suspended sentences. Others remain free on bail pending trial on charges ranging from looting and arson to first-degree murder.

In Baltimore, about 5,800 persons were arrested. Of 5,468 cases tried, 2,133 convictions resulted, mostly for curfew violations. Fines ranged from \$5 to \$300. Probation cases totalled 389. Many cases involving looting and arson await grand jury action.

5,000 CAPITAL ARRESTS

Washington reported 5,500 arrests, including 4,400 curfew violations. Persons charged with curfew violations have been told they can avoid trial by posting \$25 bond.

Chicago arrest figures exceed 2,800, with an estimated 500 persons remaining in jail.

Bonds for 207 persons arrested in looting and arson cases were reduced Sunday in a special Easter session of circuit court. A total of 283 cases were heard.

Cases in other cities where figures were available:

Cincinnati—Total of 280 persons arrested, including 54 juveniles. Charges include curfew

violations and possession of fire bombs. Three persons have been charged with first-degree murder, one for manslaughter, two for assault with a deadly weapon, and one for inciting to riot.

New York City—About 400 arrests, with disorders minor compared with those in other cities. All cases are being processed in courts.

HEAVY BOND GUIDES

Kansas City—About 160 in jail in lieu of bonds of \$50,000 to \$100,000 awaiting hearings on felony charges arising from riots.

Nashville—350 persons were arrested, mostly on curfew violation charges. Of cases disposed thus far, two persons have been fined and a number of charges have been suspended or dismissed.

Buffalo, N.Y.—25 persons were arraigned last Tuesday on a variety of charges, with all cases adjourned. Bail ranged from \$50 to \$1,000, with several persons being freed without bail.

Des Moines—Of 21 persons arrested, 10 were turned over to juvenile authorities.

Youngstown—14 persons were fined \$25 and costs Friday for curfew violations. Fines were suspended for two others who spent three days in city jail.

Wilmington, Del.—504 arrests reported, about 60 per cent for curfew violations. Preliminary hearings have been held for all those arrested, with all granted continuances due to a jammed court calendar.

Irrigation Offer Made For Dairies

VERNON — Okanagan dairy farmers will be offered a new service for their irrigation needs, thanks to co-operation between the Shuswap Okanagan Dairy Industries Co-operative Association and Alcan Pipe Limited.

The Alcan company started operations this spring in its new plant north of Vernon. At SODICA's annual meeting Wednesday it was announced that the co-operative has become a distributor for Alcan irrigation pipe, in conjunction with a number of other irrigation components which it now handles.

"SODICA will be able to give complete irrigation service," says production manager W. C. Cameron. "Not only will we be able to supply irrigation needs more quickly, but we will be in a position to offer irrigation equipment at a better price."

SODICA has long been interested in promoting better forage production among dairy farmers, through the use of irrigation. Its Green Pastures program, which each year selects a "Grassman of the Year," has been a major encouragement to more productive use of irrigation.

Little Jan Comes Off DC-9 For A New Life In Canada

WINNIPEG (CP) — His name is Jan Znova, Jr.; he is 13 months old.

His parents are Czechoslovakian. They arrived here this week from a refugee camp near Vienna.

You cannot speak to his parents. His parents are deaf mutes.

Little Jan Znova came off the Air Canada DC-9 jet in the arms of his mother. He was all blue eyes and blue cap and blue woolen coat with six silver buttons down the front.

His father followed them onto the ramp.

Jan Znova, Sr., is 35 years old, a tailor, who has come to seek a life in Winnipeg—work for himself, and a home for his son and for his wife Anna.

They are the first of 50 handicapped families who will come to Canada this year from refugee camps of eastern Europe, the camps filled still with people the world would almost rather forget.

Jan Znova's welcome to Canada, there on the ramp at the airport, was spoken by an immigration department official, an Anglican priest, Rev. Allan Simms of the Winnipeg Church for the Deaf.

PASS WELCOME

Mr. Simms passed the welcome, in the one-hand North American sign language, to Mrs. Jesse Baker who translated it into Czech signs, which said:

"Welcome to you, Jan Znova. Welcome to you and your family."

Mr. Znova touched his fingers to his lips. "Thank You," Anna, still holding her son close, touched her fingers to her lips.

Their flight from Europe stopped at Montreal where they cleared customs and boarded Air Canada flight 905 for Winnipeg.

Stewardess Roberta Leblanc, 24, of Montreal said: "At first the woman didn't understand that the child had to sit in her husband's lap."

"But he talked to her," Miss Leblanc stopped to think about the phrase—"He talked to her and everything was all right."

In the terminal foyer the people from immigration began to explain, through the chain of voice and sign, that the Znovas would be taken to an apartment rented for them.

The federal government, under an agreement with eight provinces, pays for the transportation of the handicapped

refugees to Canada. It finds them a place to live and makes sure they have enough money to live on until the father is working.

HAVE GOOD CONTACT

The immigration people said they have a good contact for a job for Mr. Znova.

The provinces look after medical needs for the families that need it. British Columbia and Prince Edward Island are not taking part in the program.

Jan, Sr., stocky, his short brown hair lying flat, set out to find the luggage. Anna carried on a flying conversation with the two mute women and the clergyman.

Little Jan, alone with nothing to do, let his lower lip creep over his upper lip. Then he opened his mouth wide, displayed four bright, solid teeth, and bawled.

No tears, but the sound of his voice filled the foyer and people stopped and stared.

Finally the child, blonde hair peeking from under his cap, and the luggage and the parents were bundled into a taxi.

The car pulled away, turned down the silent rows of streetlights, and sped towards the city.

Great Hog Kill Made As Protest

CORNING, Iowa (AP) — The National Farmers Organization said Monday it has killed nearly 14,000 hogs in 11 states to dramatize its demand for higher prices, and it will continue the slaughter unless meat packers agree to NFO terms.

Satos Protected From Bullets Now

TOKYO (AP) — Prime Minister Eisaku Sato's official residence has been made bullet-proof since officials discovered some windows were within rifle range of a newly completed skyscraper, informants said Monday.

LEADS THE REST

MONTREAL (CP) — The Montreal Conference Bureau reports that Montreal was the leading conference city in 1967, attracting 226,504 delegates to 388 important conferences, more than any other city listed in the International Association of Conference Bureaus. The visitors spent an estimated \$31,000,000.

DISCUSS LABOR

EDMONTON (CP) — The Edmonton Chamber of Commerce is sponsoring a seminar on labor relations for local businessmen. The five weekly sessions will deal with the Alberta Labor Act and other aspects of management-employee relationships.

CAUGHT THE FIRST

WINDSOR, Ont. (CP) — The first coho salmon ever reported caught in Lake St. Clair. Coho salmon were brought from the Pacific Coast by the Michigan wildlife department to restock the Great Lakes with salmon as a game fish.

22nd Edinburgh International Festival August 18 - September 7

DIETRICH FISCHER-DIESKAU

During the 22nd Edinburgh International Festival, prominence will be given to the works of Franz Schubert (1797-1828) and Benjamin Britten, while the works of J. S. Bach will continue to have a special place in the programme. Britten's presence in Edinburgh and his active participation as conductor and pianist will add to the authenticity of the performances.

CHARLES RENNIE MACKINTOSH 1868-1928
Charles Rennie Mackintosh, "The first British architect to acquire an international reputation since the 18th century" and the leading exponent of the distinctive style of Glasgow art nouveau, was born in 1868. The centenary exhibition—including furniture, objects, architectural designs, graphic work and supplemented by enlarged photographs of buildings — will present a survey of his career.

Professor McLaren Young will direct the exhibition which is organised by the Scottish Arts Council.

TATTOO

One of the most popular events in 1967 was the spectacular Military Tattoo on the Esplanade of Edinburgh Castle, with the (floodlit) Castle ramparts as a backdrop. It included displays by massed pipes and drums of Scottish regiments and massed military bands.

In 1968 a new Tattoo will be presented during the Festival period.

The bidding:
South West North East
1 ♠ Pass 1 NT Pass

Opening lead—king of clubs.
Keeping a cool head when the going gets rough often pays good dividends. Many a contract that appears hopeless can be salvaged by taking a second look at the situation.

South was in four hearts and West led the K-Q-J of clubs, declarer ruffing the third round. The outlook was very promising until South led the ace of hearts and East showed out. Declarer promptly conceded two trump tricks for down one.

Had he considered the matter

more fully, South might have found a way to make the contract. Although West appeared to have two ironclad trump tricks, declarer should have given thought to the possibility of doing him out of one of them.

South could have managed the affair by preparing for an end-play against West. There was no assurance that the plan would succeed, but declarer had nothing to lose by attempting it.

As soon as East shows out of trumps, South embarks on a campaign to reduce his trump length to that of West. His only hope is to find West with 3-4-3-3 distribution.

Accordingly, he cashes the ace of spades and enters dummy with a diamond in order to ruff a spade. He then leads another diamond and ruffs a second spade.

Now South leads the ace of diamonds. When West follows suit, the contract is in the bag. Declarer has three cards left, the K-10-7 of hearts, while West's holding at this point consists of the Q-J-8 of hearts.

South leads a low heart to dummy's nine and West finds he can win only one trump trick. It is true that West's distribution might have been such that he could ruff any one of the diamond leads or overruff one of the spade leads, but even so, South would have been no worse off for having tried to make the contract and failed.

Never give up!

YOUR HOROSCOPE

FOR TOMORROW
Planetary influences for Wednesday will be fine for accomplishment. You should be able to make notable strides in both job and monetary affairs, but you will have to use your initiative and be as enterprising as possible. Good ideas, presented in appropriate areas, could increase your prestige considerably.

FOR THE BIRTHDAY
If tomorrow is your birthday, your horoscope indicates that, while the next 12 months should be highly pleasing where your monetary interests are concerned, it would not be advisable to count on speculation as a means of increasing your assets. This will be especially important during the first two weeks of September and the last two of December, but the entire year is one in which no Aries should take chances with money. You will have some excellent periods in which to make gains if you operate conservatively, however—especially between May 15th and July 15th, and between mid-September and mid-November; also in early December, next February and March.

Excellent opportunities to advance job-wise are indicated in July, late September and December.

February; also next January and March. Those engaged in creative pursuits can look forward to outstanding periods of accomplishment—and recognition—in June, September, December, next January and February.

Stimulating social experiences are a happy prospect during the year ahead, and you should have many opportunities to make new friends, as well as contracts with persons who can help you in furthering your material aims. This will be especially likely between June 15th and September 15th and December 31st. These two periods, happily, will also be fine for romance. Next good months for affairs of the heart: March and April, of 1969.

A child born on this day could be a great success from a financial standpoint but, withal, will be exceptionally thrifty.

Chinese Seeking Trade With West

HONG KONG (Reuters) — The Canton spring trade fair opened Monday with China making a strong attempt to do more business with the West.

More than 2,500 fair-bound businessmen have crossed into China from Hong Kong by train during the last few days, including big groups from Japan, France, West Germany, Australia, Sweden and Denmark.

Reports reaching Hong Kong said there was a more relaxed atmosphere in Canton than during the autumn fair which opened in November after disturbances hit the city.

A Maoist revolutionary committee took over Canton in February and soldiers are there to see that foreign businessmen are not harassed.

THE KELOWNA DAILY COURIER
Box 40, Kelowna, B.C.

1. Births

A LITTLE GIFT IS RICHLY
treasured by your child. A clip-
ping of his Birth Notice from
The Kelowna Daily Courier will
be appreciated in the future
years. Extra clippings of this
notice can be had for friends
and relatives, too. The day of
birth be sure, father, grand-
mother or someone is instructed
to place a notice for your child.
These notices are only \$2.00.
Telephone 762-4445, a trained ad-
vertiser will assist you in word-
ing the notice.

2. Deaths

GOLLING-Harry, passed away
in Vancouver on April 13th, 1968
at the age of 29 years. Prayers
will be recited at The Garden
Chapel, 1134 Bernard Ave., on
Wednesday, April 17th, at 8:00
p.m. A Requiem Mass will be
held from The Immaculate Con-
ception Roman Catholic Church
on Thursday, April 18th, at 10:00
a.m. The Very Rev. Fr. Ander-
son the celebrant. Interment
will follow in the Okanagan
Mission Catholic Cemetery. Mr.
Golling is survived by his loving
wife Sara; his mother, Mrs.
Elisabeth Golling of Kelowna;
four brothers, Phil of Vancou-
ver, Carl of Nelson, Henry of
Cold Lake, Alta. and Lenard of
Calgary; and two sisters,
Katherine (Mrs. W. Wiseman)
of Port Williams and Jo-
hanna (Mrs. E. Thomson) of
Trail. The family request no
flowers please. Those wishing
may make a donation to the
Cancer Society. The Garden
Chapel Funeral Directors have
been entrusted with the arrange-
ments.

2. Deaths

GARDNER, Passed away in
Stillwaters Private Hospital on
Monday April 15th Mrs. Lillie
Gardner late of 816 Leon Ave.
Surviving Mrs. Gardner are one
daughter Jean (Mrs. R. Hall) of
Okanagan Mission, two broth-
ers, Mr. Alex Cooper of Gilbert
Plains, Alta. and Mr. Thomas
Cooper of Elmville, Ontario. Mr.
Gardner predeceased in March
of this year. A son Alex pre-
deceased in 1945. Funeral ser-
vice will be held from Day's
Chapel of Remembrance on
Wednesday April 17th at 11 a.m.
Rev. Dr. E. H. Birdsall will
conduct the service, cremation
to follow. The family respect-
fully requests no flowers, but
friends wishing to remember
Mrs. Gardner could donate to
the Cancer Fund. Day's Funeral
Service are in charge of the
arrangements.

6. Cards of Thanks

UNABLE TO THANK EVERY-
body personally for the help
given to save Elly's Kindergar-
ten building. We hereby express
our sincere thanks and without
cutting anybody short especially
to Mr. E. Fairholm and Mr.
S. Duff, also the Mission Fire
Dept. Bill and Elly Walraven.

I WOULD LIKE TO EXPRESS

my most grateful thanks to all
my friends and neighbors, who,
by their visits, cards and gifts
made my recent 80th birthday
such a memorable day. Thank
you all, Annie Miller (Mrs. W.
D.) Peachland.

8. Coming Events

ON THE PRAIRIES Air Canada Under Attack

GRANDE PRAIRIE, Alta. (CP) - Dave Jacob, a Pacific Western Airlines official, said Monday a "dog-in-the-manger attitude" by Air Canada has helped hold back growth of small private airlines. "They do not seem to want regional carriers to take over their regional routes."

GIVES UP CATS WINNIPEG (CP) - Bertha Rand, 73, committed to mental hospital at the end of a long battle to make her get rid of a household of cats, has been discharged. She also agreed to give up all but three of her cats. When she went to hospital, she had about 28.

MAGNET ORDERED WINNIPEG (CP) - Police plan to bring in a large electromagnet from the RCMP's Regina crime laboratory to search the Winnipeg floodway for a 22-calibre rifle. The weapon is being hunted following the slaying April 7 of Franklin Douglas Duval, 19, and Roberta Lee McEachern, 18.

ELECTION SOUGHT CALGARY (CP) - The Alberta Teachers Association Monday passed a resolution which seeks to make teachers eligible for election to school boards in the district in which they teach. The motion seeks a change in provincial law which bars such election.

TWO INJURED EDMONTON (CP) - A fireman and a city engineering department worker were injured Monday by one of two explosions which blew off a sewer manhole cover. Buildings were evacuated and streets closed. Blasts near the downtown area were blamed on gasoline leaking from a service station tank.

COMPANY FORMED EDMONTON (CP) - Cultus Explorations Ltd. of Edmonton Monday announced formation of a subsidiary, Cultus Pacific N.L., in Australia. It already has begun exploration for copper on Misima Island, off the eastern tip of New Guinea.

Canadian Ford Hit By Strike

TORONTO (CP) - More than 11,000 Ford of Canada employees went on strike in five Ontario centres today but a spokesman for the United Auto Workers union said there is still hope of a settlement "before too long."

Negotiations broke off at 10:30 a.m. - UAW strike deadline after 25 1/2 hours of bargaining. But discussion of local issues was to resume at 4:30 p.m. and master-table talks were to resume at 6 p.m.

AUSSIE PLANE DESTROYED BY FIRE

A P-3 Orion sub-chaser aircraft manned by an eight-man Royal Australian Air Force crew crashed and burned while landing at Moffett Field Naval Air Station. Witnesses

said the right landing gear collapsed as the plane touched down. The crew escaped minutes before the plane burst into flame after skidding 2,000 feet down the runway.

McNamara Resignation Sought On RFK's Issue

WASHINGTON (AP) — Republican Senator Thurston Morton of Kentucky has demanded the resignation of Robert McNamara from his new job as president of the World Bank because he is aiding Senator Robert F. Kennedy's campaign for the Democratic presidential nomination.

McNamara, who resigned as defence secretary at the end of February and moved across town to the top job at the World Bank, steered clear of politics during his seven years at the Pentagon.

But McNamara now is praising Kennedy in two television films to be used in Kennedy's primary campaigns. The films were made the mid-

dle of last week, about 10 days after President Johnson announced March 31 he would not seek re-election. McNamara assumed the World Bank post April 1.

Senator Morton said: "It was indiscreet at best for a public official dealing in delicate international finance in a period of grave dollar crisis to allow himself to be crassly used in a domestic political campaign."

Morton, who is involved in efforts to launch Governor Nelson A. Rockefeller of New York as a Republican presidential contender, was more critical of Kennedy than he was of McNamara.

He accused the senator of "ruthless and tasteless use of personal friendship" and said McNamara's aid was "cheap opportunism" of a sort that would be "disastrous in the White House."

McNamara declined comment.

REFERS TO CUBA

In the film that is further along, McNamara is shown discussing the tense days of October, 1962, when President John F. Kennedy learned the Soviets were supplying long-range missiles to Cuba. Kennedy demanded that they be removed and the Soviets complied.

Robert Kennedy, as attorney-general in his brother's cabinet, played a key role in co-ordinating the two-way flow of orders

Cancer 'Blitz' Set Monday By Volunteers In Vernon

By MABEL JOHNSON

VERNON — Only the residential section of Vernon will be canvassed on Monday evening April 22 by the Vernon Unit, Canadian Cancer Society, in its annual "blitz" campaign.

Stewart Fraser is campaign chairman, and a local society spokesman states there are approximately 150 volunteer canvassers lined up. While the society does not set an objective, in 1967 more than \$7,000 was donated in a similar campaign.

The Vernon Unit CCS does not belong to United Appeal, one reason being that through the house to house canvass, there is the individual contact.

While much of the money donated will be, as in the past, used for research in the elusive fight against cancer, still a

great deal of emergency aid rendered locally if necessary, such as monetary help in the purchase of prescribed drugs; also transportation to Vancouver for treatment if this is prescribed.

Another free service where circumstances warrant it is a housekeeping program, whereby a home can be looked after and a family card for, if the mother is a cancer victim, and must go to Vancouver or elsewhere for treatment if this is recommended by her doctor. Mrs. R. M. deRoos, R.N., of Vernon is in charge of this part of the local program.

Time of the blitz is from 6 to 8 p.m. Citizens are asked to be as generous as possible, and friendly to the canvasser when he or she calls.

101 BOYS

In Business to Bring You News

• YOUR carrier-boy belongs to this group of alert young businessmen who spend an hour or so each day doing a vital service for the community — delivering the news!

HIS desire to serve you speedily is spurred by the fact that his newspaper route is his own business enterprise—and that it prospers most when he pleases customers with quick service, prompt collections and careful record-keeping.

SUCH a home-delivery system means the best possible newspaper service for you; it also provides valuable business training and regular income for your carrier-boy. He's a solid young citizen who merits your encouragement—get better acquainted with him next time he calls.

Does YOUR Son Have a Route?

To serve its ever-growing home circulation, this newspaper frequently has route openings for new carriers. Ask for details.

Negro Leaders Show Dismay Over Shoot-To-Kill Order

CHICAGO (CP) — Negro leaders reacted with dismay and concern today at Mayor Richard J. Daley's order for Chicago police to shoot to kill arsonists in any further racial disorders.

Rev. Jesse Jackson, who was standing behind Dr. Martin Luther King Jr. when he was assassinated in Memphis April 4, described the mayor's decision as "a fascist response" to the three days of rioting which followed King's murder.

Daley Monday attacked the Chicago police department for laxity during the rioting and charged that city Police Chief James B. Conlisk failed to issue a "shoot-to-kill" order that Daley requested.

ORDERS TO SHOOT

The veteran Democratic political leader told a news conference angrily he now has personally ordered Chicago police to shoot and kill arsonists and to "shoot to maim or cripple" looters.

Within hours of Daley's news conference, Conlisk sent an order to his commanding officers saying: "Arson, attempted arson, burglary and attempted burglary are forcible felonies. Such force as is necessary, including deadly force, shall be used to prevent the commission of these offences and to prevent the escape of perpetrators."

At least 11 persons were killed and hundreds injured during the disorders. Property destruction and damage in the city totalled an estimated \$10,000,000, with 452 buildings destroyed or damaged.

Chicago Negro Alderman A. Rayner said Daley was worried racial unrest might reduce

Barrel Fashion For Gogo Girls

SAN FRANCISCO (AP) — Six night club gogo dancers, wearing barrels to protect their modesty, drew a big audience Monday at a demonstration to protest taxes. Suddenly a crowd surged away and the girls learned a fact about human nature. A man protesting the Vietnam war was passing out \$60 bills, the portion of his taxes he figured would go toward the war.

LAMB'S NAVY RUM

Insist on the rum you know and trust for quality and flavour

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

Why does a Rambler American cost \$289 less than other compacts?

Could it be because there is no annual model change?

You can bet your boots it is!

Last year, when we announced the no-annual-model-change policy for the Rambler American we were able to drop the price.

This year, in the face of generally rising costs, we are still able to sell the American for at least \$289 less than any other domestic compact.

Isn't it nice to know that somebody's trying to hold the line against inflation?

And from the state of our sales of Rambler Americans (up 79%), it seems that there are a lot of people who agree with our approach: that for a compact car, a car designed as basic transportation, the annual model change makes no sense. So they're buying Rambler Americans.

What are they getting for their money? A 6-passenger car designed and built for our kind of driving, our kind of weather, our kind of traffic. They're getting a car that will have a higher resale value because it's not going to change the shape of its sheet metal just because the calendar says so.

The 1969 Rambler American will be basically the same as the '68. There will be improvements... but no changes for the sake of change.

Before you take the spring-time plunge into a new car, take a look at the Rambler American, at your nearby American Motors dealer and ask yourself this question: "Is the shape of sheet metal worth an extra \$289?"

THIS IS HOW RAMBLER AMERICAN STACKS UP AGAINST ITS MAJOR COMPETITION. TAKE A LOOK, TAKE A TEST DRIVE, THEN DRAW YOUR OWN CONCLUSIONS.

Make	Price of Model Listed*	Seating Capacity	Trunk Space (cu. ft.)	Warranty	Standard Engine
RAMBLER 220 2-door sedan	\$2382	6	12	5/50,000 2/24,000	128 hp 6 cylinder
VALIANT 100 2-door sedan	\$2682	6	14.1	5/50,000 2/24,000	115 hp 6 cylinder
FALCON 2-door sedan	\$2671	6	12.3	5/50,000 2/24,000	100 hp 6 cylinder
CHEVY II NOVA 2-door sedan	\$2697	6	12.4	5/50,000 2/24,000	140 hp 6 cylinder
VW Deluxe coach	\$2068	4	10.1	2/24,000	53 hp 4 cylinder

*Prices quoted are Manufacturers' suggested retail prices, less factory or port of entry. Federal taxes included. Excludes all taxes and optional equipment. See dealer for details.
